

STUDENT VOLUNTARY DISCLOSURE OF SUBSTANCE AND ALCOHOL ABUSE

The Bonneville School District No. 93 Board of Trustees recognizes that use of alcohol and drugs is a serious problem and their presence on District property is detrimental to the educational environment and harmful to the health, safety, and welfare of students. It is the desire of the Board of Trustees to help those in need of alcohol and drug intervention and at the same time to protect others that are affected by the presence of alcohol and drugs and to enforce the policies of the District relating to use, possession, or being under the influence of alcohol or controlled substances. The District will endeavor to help those who desire to help themselves.
