

**FOOD AND BEVERAGES SOLD INDIVIDUALLY
(Vending Machines, Concessions, Fund Raising, Etc.)**

The Board of Trustees of Bonneville Joint School District No.93 supports a school environment that promotes children's health and will adhere to the Smart Snack regulations established by the United States Department of Agriculture.

Guidelines

1. To encourage the eating of nutritious foods, competitive foods **shall not** be sold on school premises during school day hours.
2. Healthy food choice options should be encouraged at all school functions (parties, celebrations, sporting events, performances, dances, etc.).
3. Idaho SDE allows ten (10) exempted fundraisers per school site per year. Exempted fundraisers shall be pre-approved by the school administrator/designee.
4. All vending machine food and beverage items shall comply with the USDA Smart Snack standards. See policy exhibit #8460E *USDA Smart Snacks in School Exhibit*.

DEFINITIONS:

Alternative Foods: any foods or drinks sold or served on school grounds other than meals served by the school food service program. Alternative foods include a la carte offerings; food and beverages in vending machines, snack bars, school stores and concession stands; food and beverages sold as part of school-sponsored fundraising activities; and refreshments served at parties, celebrations and meetings.

Competitive Foods: food or drink sold in competition with the National School Lunch Program and/or the School Breakfast Program in food service areas during school meal periods.

Exemptions: apply to food items sold during non-school hours, on weekends, off campus fundraising events or to be consumed outside of the school campus.

School Day: defined as the midnight before to thirty (30) minutes after the end of the instructional school day.

Smart Snacks: A snack, side, entrée, or beverage containing fruit, vegetable, protein, dairy, or whole grain as the first ingredient; have fewer than 200 calories; and be low in fat, sodium, and sugar.

Smart Snack Product Calculator: used to determine if a product or snack meets the USDA Smart Snacks in School nutrition standards. Results are accurate in assessing

NON-INSTRUCTIONAL OPERATIONS

products compliant with Federal requirements. Calculator is posted on the District website.
